- I. Call To Order - Meeting was called to order at 12:12
- II. Introductions
- III. Public Comments - None
- IV. Report for BID Board President – Duke Dulgarian – Dulgarian welcomed the guests and thanked them for their support during BID Renewal and fostering success of the BID and the district. LoBasso congratulated the Board on its successful renewal, stated that the BID is a positive thing in the community and he is happy to be a part of it. Stone asked LoBasso if there was any improvement with the parking on medians. LoBasso said it has had a positive affect and a big improvement on 62nd and Stanford.
- V. Metro Video Systems – Security Cameras Presentation – Tim Weir explained that there would be 40, high-definition cameras as part of the new system. The resolution was fifteen times greater than the previous system. Sage began showing the various zoom capabilities, as well as showing recordings from various cameras throughout the day and night. There is now 30 day storage of all recordings with 64TB. He stated that the project should be complete within the next 30-60 days. LoBasso asked if there was less coverage when they went from 62 to 40 cameras. Sage explained that the new cameras have been strategically placed to maximize visibility and due to the high-definition capabilities covered larger areas with better resolution. DiCastro stated that he was impressed with the new system and capabilities. Weir said it is the largest system in the area and has received mention in security publications. Stone stated that the BID paid for this system without increasing assessments, and had in fact, reduced assessments for 2016.
- VI. Open Discussion
- VII. Adjourn – 1:00 pm
